We believe our specialized investment focus on the most attractive sectors within real estate and our vertical integration into property management drives attractive returns. We have continued to expand our areas of focus to include Logistics, and greater penetration of the global investor base, initiatives we expect to further amplify our growth and returns.”

Mr. Morse continued, “In addition to reporting strong total revenue and investment income, we are proud that our second quarter results represent new highs for fee-paying AUM, fee-related earnings, realized performance fees and distributable earnings. We see enormous growth opportunity for Bridge’s differentiated approach to investment management, and we look forward to sharing more with our shareholders in the quarters and years ahead.”

Jonathan Slager, Bridge’s Chief Executive Officer, added “We are excited to share our first earnings update as a public company and to report record second-quarter results. The \$16 trillion commercial real estate market has experienced a strong recovery year-to-date across property sectors. We believe Bridge is well positioned to capitalize on these trends given recent strategy launches in Logistics and an active pipeline of next generation strategies. We believe our ability to raise and deploy capital is largely a function of our strong performance, and we look forward to driving similar value creation for our public shareholders as they benefit from growth in our net income and distributable earnings over time.”
